

Dear Store Manager,

I am a dedicated shopper of your grocery store and would like to encourage you to carry Julian Bakery bread in your store. People who are looking to maintain or lose weight commonly follow a low carb diet and lifestyle. I have found Julian Bakery's Smart Carb bread the ideal low carb bread.

The number of people who live a low carb lifestyle is enormous and continues to grow. As a consumer, I feel it's my responsibility to demand high quality, delicious low carb baked goods. Julian Bakery makes the best low carb breads I have ever tasted.

Currently I am ordering Julian Bakery's bread on-line (which are lost dollars for your store) and would prefer to shop locally. I urge you to visit their website www.julianbakery.com for more information on their wonderful products.

Thank you in advance for acting on this request.
